**Mountain View City Council**

**Petition to complete the San Antonio Precise Plan before further development proposals**

Please postpone approval of any current development proposals, including approving Gatekeeper requests, for the San Antonio Change Area, until the San Antonio Precise Plan is complete. Carefully and fully completing this process first is the only way to find the creative solutions needed for traffic, open space and pedestrian safety issues and will ensure the success of this unprecedented neighborhood- wide re-development project.

|                                                                                                             |                                                                                |
